

## EXPRESSIONS OF INTEREST FOR AMPLIFIED+ ARE NOW OPEN!

### The Opportunity

Junction Arts Festival and Music Tasmania present an industry showcase performance on Thursday 3 September in Launceston as part of this year's Junction Arts Festival.

Amplified+ showcase opportunities for Tasmanian artists to access new audiences and make vital industry connections.

Junction Arts Festival turns Launceston into Tasmania's playground from the 2 - 6 September 2015. Performances, events and late night happenings transform non-traditional performance venues and uncover the city's hidden and disused spaces.

Playing at Junction's late night live-music venue, The Junc Room, offers Tasmanian artists the opportunity to play at a large scale, nationally recognised event. Past musicians to grace the Junction Arts Festival stage include The Babe Rainbow, The Tiger and Me, The Royal Jellies, Violet Swells, Younger Dryas, The Embers, Lulu and the Paige-Turners, The Bombay Royale, and more.

Music Tasmania in collaboration with Junction, will also host a networking event, featuring selected industry delegates prior to the showcase performance. This is an excellent chance to make important industry connections and perform at Junction Arts festival.

### The Band

Open to: All genres  
Solo acts and/or full bands  
Artists from any region, although travel costs are not included in the fee.

## **The selection**

- Showcase opportunities are promoted through Music Tasmania and Junction Arts Festivals communication channels
- Artists make a submission online
- An expert panel shortlists submissions against assessment criteria
- Panel comprises local music industry experts
- Shortlist is sent to festival organisers to assist their final selection

## **Criteria**

Each Amplified + opportunity is different and criteria are tailored accordingly. Submissions must meet all of the criteria to qualify.

1. Act must be based in Tasmania
2. High quality original music
3. Benefit of the opportunity to the artists

## **Details**

**Deadline for Submission: 1 August 2015**

**Notification: 6 August 2015, at the Junction Launch**
